The screenshot shows the Xilisoft MP4 Converter 6 application window. The main area is a list of files being converted. The status bar at the bottom indicates that 1.0% of the tasks are completed, with a time remaining of 00:06:54. The interface includes a toolbar with icons for adding files, deleting, and pausing. On the right, there are settings for the output profile, file name, video size, video quality, audio quality, and split options. A preview window at the bottom right shows a video frame of a woman in a red jacket.
