Since most of the software running on it is cracked the main places you can find it are and P2P networks.

This is REALLY nice MiniPE is a illegal Windows Live-CD made by hacker/s called Digital Wizard.. You can also run the applications on the CD from your windows desktop The Windows Kernel is 133MB and there are 239MB of Programs on it.. This is one to get Accessories Hash Calculator 2 0 Calculator Free-Cal 1 3 Dead Pixel Buddy.. (in the PE-XT 400mb version)Plus you can easily add more programs to it and create your own custom Windows PE CD.
